INTRODUCTION

The Rabbids are getting ready to put into motion the plot that they have been preparing for years.

Rayman is having a lovely picnic with the baby Globoxes when the Rabbids suddenly rise up from the ground, kidnap them all, and imprison them.

Rayman is thrown into an enormous arena, under the gaze of a hostile crowd of Rabbids. From this day on, and solely for their own amusement, the Rabbids are going to put Rayman through a series of trials.

It's up to you to win them all and free Rayman.

THE MAJOR CHARACTERS

Rayman

Rayman was taken by surprise by this invasion. What do the Rabbids intend to do? It's hard to say.

But now they're everywhere and their atypical psyches make them formidable and unpredictable opponents.

A Few Rabbids...

Pink

Pink is mute and timid. Yet with just a little patience you can easily learn his basic method of communication. For example, "Hey mate!! What's up?" translates, in his language, to firing a heat-seeking missile. (It is true that, long-term, all he really knows how to say is "Hey mate!! What's up?").

Sergueï

Sergueï is a big softy. Out of pure coquetry, he wears a delightful, finely worked metal muzzle. His joie de vivre and his strong sense of repartee make him a very pleasant companion. He's always ready to keep things light and lively with little tricks, such as cracking his knuckles or playing "this little piggy" with your toes.

Professor Barranco

Professor Barranco is a scientist. He is currently writing a very complex thesis on thermodynamics and the resistances of certain materials. For the moment, he is accumulating certain experimental data – firstly, on the resistance of cranial bones to the impact of a bludgeon, and secondly, on the resistance to high temperatures generated by the explosion of booby-trapped gifts.

The Frog-Rabbids

The frog-Rabbids are part of the elite commando team. They are formidable combatants. They are systematically sent out on the most dangerous missions, such as assaults on carrot juice bars, infiltrating a popular chorus, or even maintaining the peace in front of the toilets.

Clark

Clark is not a Rabbid like the others. His Super-powers enable him to accomplish feats that gain him respect and admiration from everyone.

He is the inventor and the undisputed champion of a new kind of biathlon (the consecutive combo: **Descending Flight + Vertical Subterranean Race**).

His personal record: 2300 meters **DF** + 47 cm **VSR**.

STORY MODE

Games

Rayman has become the Rabbids' toy. Every morning, he is thrown into the arena and must fight in the four qualification trials found behind the four little doors.

He must win at least three of the four trials to be able to access the day's final trial.

Before each game, a page listing the game's objective and commands is displayed. Don't hesitate to consult them regularly, because they change often, depending on the game.

Prison Cell

When he has finished his day, Rayman returns to his cell for the night.

As time goes by, the cell becomes his home. To entertain himself during his long evenings in captivity, Rayman has several occupations.

Use the directional keys to go toward the various points and press Enter to confirm your choice.

The Toilet

This is where Rayman regularly returns to...go back over everything that happened to him during the day. From here, you can access all the games from the completed days. If you feel like replaying a game that you enjoyed, or trying one that you didn't successfully complete, this is where you have to go. If you successfully completed all five of the day's games, to can win gifts that will make your imprisonment more enjoyable.

Jukebox

The cell's jukebox enables you to listen to the music that you won by completing the day's trials. This way, you can work on your rhythm and get the Rabbids dancing.

Costume Wardrobe

In this cupboard, Rayman keeps all his costumes that he won by completing days. Don't hesitate to open it up and give yourself a little makeover every once in a while.

Saving in Story Mode

When you return to your cell at the end of the day, the game is automatically saved.

Careful: If you interrupt the game before the end of the day, you will lose all progress made during the day.

SCORE MODE

In Score mode, you can replay all the games that you have unlocked in Story mode, in order to try and beat your own records, alone or with up to four players.

Playing Alone

Once you have selected Score mode, you have access to a list of the available games. Select the one that you want to play and try to beat your record.

Two or More Players

If you have one or two gamepads you can connect them and play up to four players.

Please consult the readme.txt file to see what gamepads are supported.

Players

In Versus mode, you will play against the other players, whereas in Co-op you will play together, sharing the same life points and the same score.

Organization

In Turn-by-Turn mode, each player plays his/her turn, whereas in Simultaneous mode, the players play on the same screen.

Saving in Score Mode

Each time a score is beaten, the game is automatically saved.

Internet Code

In Score Attack Mode, your objective is to get the highest score possible. At the end of each game, you receive an internet code that you can enter on www.raymanzone.com to compare your performance with players from around the world. Each game has a different internet code that will show your score. Try and get to the top of the rankings!!
